FIRE PRACTICALLY DESTROYS DWELLING HOUSE ON LOCKOUT

Early Morning Conflagration Does Much Damage To Lookout Property.

INSURANCE WAS CARRIED

Owner Will Not Lose Much Owing To Large Amount On Place.

The home of Clyde Garbart, at 108 Lookout avenue was last night practically destroyed by fire this morning, the flames starting at about 2 o'clock. The exterior of the house was not damaged nearly so much as the interior. In all but two rooms upstairs the furnishings were burned, but this as well as the building was well covered with insurance. The probable loss will be $4,500.

The fire was caused most likely from the hot air furnace, which was under the kitchen and hall. In the kitchen directly over one side of it was a closet, which contained fruit belonging to the family, and as the floor of this and the immediate vicinity together with side walls at this point showed the most destructive effects of the fire, it must have originated from a defective pipe or flue.

By the time the flames were discovered by neighbors, and Mr. Garbart, who was the only inmate of the house at the time, was notified, the woodwork on the first floor was burning like so much tinder. Mr. Garbart was unable for the smoke and flames combined, to get out through the hall way, and he was forced to climb out an upstairs window, and then descend from the roof.

The alarm was sent in at 2:10 o'clock, but owing to the fact that the firemen had to hitch their own teams, there being no drivers in the building they were longer in getting to the scene than usual, and then after they did arrive had trouble with some of the old hose which had been connected. They did good work however, and were able to confine the flames mostly to the north side of the house. The furniture was mostly consumed however, with the exception of that in the two rooms on the south upstairs, which was saved. By the time the flames were completely extinguished, it was four o'clock.

The valuation of the house without the furnishings was about $3,000, while with the latter it would reach probably $4,000. The insurance which was carried with the Pittsburg Underwriters company and the Williamsport City Insurance company was $3,000. This will pretty well cover the loss, although it is possible that the damage was greater.

Mrs. Garbart was in Monongahela to visit relatives over night, and she was to go to Pittsburg today. She has not been notified of the destruction of the property as yet.

TEACHERS RALLY WILL BE ABOVE EXPECTATIONS

The program which is being rendered this afternoon at the California Normal chapel, at the Teachers Educations Rally, is one of merit. The best will doubtless be this evening, however. It is at the evening session that Prof. Wright of the local schools will speak, his subject being, "The New School Code." There will be special music furnished both afternoon and evening by Prof. Cornell and male quartet.

Following is the program in its entirety:

Evening, 7:30 p. m. The New School Code Supt. W. D. Wright.

Male Quartet.

The Rural School of the Future—Miss Buckbee.

Solo—Ethel Hawthorne.

Reading—Orilla Streator Christman

Life and Opportunity—Dr. George P. Bible.

Male Quartet.

Afternoon, 2:00 p. m.

Address—Co. Supt. L. R. Crumrine.

Reading—Orilla Streator Christman.

Some Problems of the Primary Teachers and ways of Meeting them—Miss Anna B. Thomas.

Vocal Solo—Prof. Chas. Cornell.

Address—Prof. Chas. A. Compton.

Solo—Ethel Hawthorne.

Expressive Reading—Dr. George P. Bible.

Monte Carlo Girls

The brightest and breeziest of all burlesque shows, adorned with pretty girls in the rather catchy manner in which the Monte Carlo Girls Burlesquers, the attraction at the Coyle theatre, next Tuesday is billed. Few burlesque shows on the road compare with this one in up-to-dateness, and none compare in the matter of splendid show girls. The boys also look forward to the coming of this attraction, and they are always sure to get a "good run for their money."

Two burlesques namely "The Kidnappers" and "The Maiden's Dream" both new will afford much diversion and serve to introduce a number of funny comedians, and a handsome chorus of pretty girls who sing and dance in the most approved style. There are also a number of first class vaudeville acts including "Mariutch" and her newest creation in the dancing line.

DEFENDANT WINS IN NOTE SUIT FROM CALIFORNIA

After a short deliberation the jury yesterday in the suit of the Peoples bank of California against C. A. Wright returned a verdict for the defendant. The action was to recover $250 on a note with interest. O. F. Piper, the former cashier, was called as a witness in the case.

Max Avner was the maker of the note with Wright as endorser, and the money was paid to Avner. Avner testified that he paid $50 on the note the day after it was due and subsequently paid the balance. The money he said was paid to Piper to cancel the note, he having charge of Avner's business affairs.

The bank presented a prima facia case that the note had not been paid. The note was produced in evidence. It was found among the bank's papers after the affairs of the Peoples bank had been adjusted.

Wright testified that he was informed by Piper when asked to endorse a $100 note for Avner, that the $250 note had been paid Piper was called yesterday in rebuttal. He denied that he ever informed Wright that the note had been paid. Piper stated that the note Wright inquired about had been given a year and a half before. Piper was subjected to a severe cross examination by Attorney R. W. Irwin. He was questioned as to being indicted for embezzlement and sentenced to the penitentiary on the plea of guilty, the inference sought to be drawn was that the payment of the note figured in the juggling of the books of the bank.

Piper who had been in court since Tuesday was taken back to the penitentiary yesterday noon in charge of William J. McVeigh, a guard of the institution.

HEALTH OFFICIAL DETERMINED TO PUSH OFFENDERS

Last night before Burgess George Risbeck, John Bakla, of North Charleroi, was given a hearing on the charge of violating the health laws. He was arrested in Charleroi yesterday morning at the instance of Health officer Darby. The man was fined $2 and costs, which when everything was entered amounted to $5.10

Bakla was charged with the burning of garbage on alleys, and had been warned, but it is stated paid no attention. Not only did he burn ill smelling stuff in defiance of the laws, but he failed to clean up the place afterwards.

The costs were partially for not having cleaned up the alley. Bakla lived here for some time, and it was, as he was getting ready to move that he committed the crime.

Health Officer Darby states that he cannot countenance the bold defiance of the laws in the matter of burning garbage in the borough limits, and arrests are to follow the finding of persons engaged in this illegality. Bakla has been before a former burgess for practically the same offense before.

Personal Mention

Miss Henrietta Alcorn of Pittsburg and Miss Fane Stephens of Ravenna Ohio, are guests of Miss Myrtle Stewart of Fifth street.

Miss Viola Darby of Fallowfied avenue left this morning for Cadiz, Ohio, where she has accepted the position as manager of Mrs. Margaret Crumley's millinery establishment.

Mr. and Mrs. A. C. McKean have returned from Mt. Clemens, Mich, where they spent a few weeks.

Miss Leona Evans of McKean avenue, has left for Clarion, where she will take up her position in one of the leading millinery stores as head milliner.

Mr. Harry Yon left this morning for Wilkinsburg, where she will spend Sunday with relatives.

JURY FAILS TO AGREE IN SUIT OF MONESSEN MEN

After being out over 24 hours the jury yesterday afternoon in the suit of Shuster and Reed, of Monessen, against Edward Haley, of East Pike Run township, formerly of Roscoe, failed to reach an agreement. They went out Thursday afternoon at 2:30 and at 3 o'clock yesterday afternoon had still failed to reach an agreement, appearing to be as far apart as ever. They asked the court to be discharged and the request was granted. The action involved a claim for $1,200, alleged due as commission for securing a buyer for the Haley hotel at Roscoe.

Will Leave Monday.

Robert J. Coulson, Donora's leading exponent of the athletic life, will leave there Monday for Memphis to join the ball team with which he has signed for the coming season. "Bob" just returned this week from a trip to State college, where he expected to do some working out, but was laid up most of the time with a sore toe. The injury started from an ingrowing nail and got so bad that the entire nail was removed while he was away on the trip. He expects to be in shape for practice within a few days.

NONSUIT IS GRANTED R. R.

A non-suit was granted yesterday by the court in the suit of Mrs. Nola Malone against the Washington and Canonsburg Railway company, an action for $20,000 damages for the death of her husband. Following the testimony of the plaintiff's side the counsel for the defendant company moved for a non-suit, on the ground that the husband of the plaintiff had been guilty of contributory negligence. The testimony was undisputed that the motorman on the car had conntinuously rung the bell after he noticed the man on the track, and when he did not get out of the way, had made every effort possible to stop the car.

There was nothing to show that the man had been deliberately run over, but that he contributed to his death by trespassing on the track and in not heeding the warning approach of the car.

APPLICATION FOR HOSPITAL CHARTER

Application has been made for a charter for the Monessen General Hospital Association. The business of the association is to be transacted at Lock Four, Washington county. No stock will be issued. The incorporators of the association are John G. Parke, E. Jeffries, F. H. Shutterly, M. J. Cramer and J. N. Weddle, of Monessen, who with Charles F. Thompson and R. O. Stillwell, of Charleroi, constitute the directors and trustees for the first year.

A Thirteenth Century Drink.

Thirteenth century tastes in food had few limitations. Besides the "fowl of Africa and the rare cadwit of Ionia" mentioned by Fitzstephen, gourmets in the time of King John used to regale themselves on herons, cranes, crows, storks, cormorants and bitterns. Some would wash their meals down with wine but the majority drank mead or methey. Mead, according to Holinshed, was only the washings of the combs after the honey had been taken from them and so poor a beverage that it had to be spiced, peppered or made palatable with sweetbrier or thyme. But methey contained one hundredweight of honey to twenty-four gallons of water and must have been much more intoxicating than the strongest old ale of the present day.—London Chronicle.

That English Complexion.

The complexions of the English have often been exploited for our benefit. The damp climate and the exercise out of doors produce the red, they say. But on examination it proves to be not the red of the rose, but the red of raw beef, and often streaky and fibrous at that. The features are large and the face high colored, but it is not a delicate pink. It is a coarse red. At a distance the effect is charming, bright, refreshing, but close to often rather unpleasant. Here the features of the women, even the features of the beautiful women, are molded, while the features of our beautiful American women are chiseled.—Scribner's.

LIKELY THAT DISTRICT WILL BE SUB-DIVIDED

Pres. Feehan Has Formulated Plan Which He Thinks Miners Will Adopt.

CONVENTION NEXT WEEK

Mine Locals Have Been Sent Circulars Detailing the Idea.

It is more than likely that at the convention of the miners of this district in Pittsburg on Tuesday March 16, that there will be important action taken in the sub-division of this district. President Francis Feehan has outlined a plan which there is little doubt will be followed. He has sent circulars to the different locals in the district notifying them of his intention, and instructing them to have a representative present that a voice may be had in the matter.

The sub-division plan is something after that of other districts. If it is favorably voted upon by the miners there will be six sub-districts, and each of these will have a president who will be under the District President. This official will be a member of the executive board of the district. There would be in all three resident officers, the president, vice president and the secretary-treasurer.

These would be board members. One of the most important powers given the sub-district would be that each local could settle differences, instead of taking them to the Pittsburg office, and thus incurring considerable expense, besides the other inconvenience and trouble. Also whereas there are now four or five representatives to the district convertion there would be but one by the new plans. This would in reality give a better representation, and make the business to be transacted easier and less tiresome, and curtail the time of the meetings. It is understood that the miners are heartily in favor of the proposed plans of President Feehan, and are as confident as he of the success to be attained from such organization.

Over long distance phone this morning Mr. Feehan was communicated with and outlined his plan. He said that he would present it at the meeting on Tuesday and had little doubt but that the miners would accept it. "The miners in other districts have benefitted by a similar organization to that planned by us, and it was with this in mind that the present idea was thought of."

The districts as planned by President Feehan are as follows.

1. Pan Handle, or field near Burgettstown and McDonald.
2. West side belt, Chartiers branch and B. and O. division.
3. All mines between Locks 3 and 4, and including Ellsworth and Marianna.
4. All mines above Lock 4, or extending from that place to the southern boundry of the Fifth district in Greene county.
5. 1st and 2d pools and the Youghiogheny river.
6. Mercer, Butler and Armstrong counties.

The New Editor.

Hon. E. F. Acheson has assumed his duties as managing editor of the Observer and following is the manner in which his contemporary, the Record heralds his coming:

The new editor will have a great line of work cut out for him if he can satisfy the people of Washington county how it is that their county ranks so high in taxes and expenditures when comparisons are made with other counties of the state that have been almost equally favored in the matter of permanent improvements. He will be very cunning indeed, if he can show wherein one-man rule (and that one-man the editor himself) has worked to anything but the disadvantage of Washington county.

Congressional Talk.

Western Pennsylvania generally regrets that Congressman Acheson fell a victim to factional politics, because aside from this he was a useful member. The ability of a Congressman to care for the needs of his district and its people grows in proportion to his term of continuous service, hence the folly of the rotation plan. The office should not be regarded as an official plum, but as a public trust to be administered usefully in the interest of the people.—Connellsville Courier.

The above fits the case pretty thoroughly. Ex-congressman Acheson if he had steered clear of factional politics, would be looked up to in this county now, rather than be considered in the light he is.

The Courier goes on to say a good word for Mr. Tener. As the Courier says, the Observer, of Washington, the paper which so bitterly fought him, is the publication that endorses the voucher for Mr. Tener as a good man for the place. The following is the statement:

"Congressman Tener is vouched for as a good man and The Observer endorses that voucher. It adds truthfully that he has a record to make, but Congressman Tener is a forceful man, and we have no doubt he will make rapid headway in the accomplishment of the task set to his hand."

CHARLEROI'S LIVE STORE

New Things For Saturday Selling

All the hundred little things. The new neckwear. The new gloves. The new hosiery. The new jewelry. The new belts. The new corsets. This store has the best. The very latest of all the novelties. It's quality here that counts. We are particular about this matter of quality because we want you to be sure that what ever you may buy here can be depended on in every respect.

Kayser Gloves

It is the world's standard silk glove. It is the glove that you know is the best. We are the sole agents in Charleroi for the Kayser glove and carry a full line of all qualities and colors. 50c to $2.00.

The $1.00 Kayser glove this year is just the same glove as we sold last year for $1.25, and the $1.50 glove is the same as the $2.00 glove last year. Come while the stock is fresh and complete.

Onyx Hose

The highest standard in hose is the Onyx hose, sold by Lord and Taylor of New York. It is very widely advertised and all merchants accept it as the best that money can buy. 25c to $1 per pair. Our lines at 25c and 50c are very complete and satisfactory.

We can take orders for any special hose. Any odd shade or color. The Lord and Taylor line is so large and complete that almost anything you ask for can be got.

FIRE PRACTICALLY DESTROYS DWELLING HOUSE ON LOCKOUT

Early Morning Conflagration Does Much Damage To Lookout Property.

INSURANCE WAS CARRIED

Owner Will Not Lose Much Owing To Large Amount On Place.

The home of Clyde Garbart, at 105 Lookout avenue was last night practically destroyed by fire this morning, the flames starting at about 2 o'clock. The exterior of the house was not damaged nearly so much as the interior. In all but two rooms upstairs the furnishings were burned, but this as well as the building was well covered with insurance. The probable loss will be $3,500.

The fire was caused most likely from the hot air furnace, which was under the kitchen and hall. In the kitchen directly over one side of it was a closet, which contained fruit belonging to the family, and as the floor of this and the immediate vicinity together with side walls at this point showed the most destructive effects of the fire, it must have originated from a defective pipe or flue.

By the time the flames were discovered by neighbors, and Mr. Garbart, who was the only inmate of the house at the time, was notified, the woodwork on the first floor was burning like so much tinder. Mr. Garbart was unable for the smoke and flames combined, to get out through the hall way, and he was forced to climb out an up stairs window, and then descend from the roof.

The alarm was sent in at 2:10 o'clock, but owing to the fact that the firemen had to hitch their own teams, there being no drivers in the building they were longer in getting to the scene than usual, and then after they did arrive had trouble with some of the old hose which had been connected. They did good work however, and were able to confine the flames mostly to the north side of the house. The furniture was mostly consumed however, with the exception of that in the two rooms on the south upstairs, which was saved. By the time the flames were completely extinguished, it was four o'clock.

The valuation of the house without the furnishings was about $5,000, while with the latter it would reach probably $4,000. The insurance which was carried with the Pittsburg Underwriters company and the Williamsport City Insurance company was $3,000. This will pretty well cover the loss, although it is possible that the damage was greater.

Mrs. Garbart was in Monongahela to visit relatives over night, and she was to go to Pittsburg today. She has not been notified of the destruction of the property as yet.

TEACHERS RALLY WILL BE ABOVE EXPECTATIONS

The program which is being rendered this afternoon at the California Normal chapel, at the Teachers Educationa Rally, is one of merit. The best will doubtless be this evening, however. It is at the evening session that Prof. Wright of the local schools will speak, his subject being, "The New School Code." There will be special music furnished both afternoon and evening by Prof. Cornell and male quartet.

Following is the program in its entirety:

Evening, 7:30 p. m. The New School Code—Supt. W. D. Wright.

Male Quartet.

The Rural School of the Future—Miss Backbee.

Solo—Ethel Hawthorne.

Reading—Orilla Streator Christman.

Life and Opportunity—Dr. George P. Bible.

Male Quartet.

Afternoon, 2:00 p. m.

Address—Co. Supt. L. R. Cromrine.

Reading—Orilla Streator Christman.

Some Problems of the Primary Teachers and ways of Meeting them—Miss Anna B. Thomas.

Vocal Solo—Prof. Chas. Cornell.

Address—Prof. Chas. A. Compton.

Solo—Ethel Hawthorne.

Expressive Reading—Dr. George P. Bible.

Monte Carlo Girls.

The brightest and breeziest of all burlesque shows, adorned with pretty girls in the rather catchy manner in which the Monte Carlo Girls Burlesquers, the attraction at the Coyle theatre, next Tuesday is billed. Few burlesque shows on the road compare with this one in up-to-dateness, and none compare in the matter of splendid show girls. The boys also look forward to the coming of this attraction, and they are always sure to get a "good run for their money."

Two burlesques namely "The Kidnappers" and "The Maiden's Dream" both new will afford much diversion and serve to introduce a number of funny comedians, and a handsome chorus of pretty girls who sing and dance in the most approved style. There are also a number of first class vaudeville acts including "Mariutch" and her newest creation in the dancing line.

DEFENDANT WINS IN NOTE SUIT FROM CALIFORNIA

After a short deliberation the jury yesterday in the suit of the Peoples bank of California against C. A. Wright returned a verdict for the defendant. The action was to recover $250 on a note with interest. O. F. Piper, the former cashier, was called as a witness in the case.

Max Avner was the maker of the note with Wright as endorser, and the money was paid to Avner. Avner testified that he paid $50 on the note the day after it was due and subsequently paid the balance. The money he said was paid to Piper to cancel the note, he having charge of Avner's business affairs.

The bank presented a prima facia case that the note had not been paid. The note was produced in evidence. It was found among the bank's papers after the affairs of the Peoples bank had been adjusted.

Wright testified that he was informed by Piper when asked to endorse a $100 note for Avner, that the $250 note had been paid. Piper was called yesterday in rebuttal. He denied that he ever informed Wright that the note had been paid. Piper stated that the note Wright inquired about had been given a year and a half before. Piper was subjected to a severe cross examination by Attorney R. W. Irwin. He was questioned as to being indicted for embezzlement and sentenced to the penitentiary on the plea of guilty, the inference sought to be drawn was that the payment of the note figured in the juggling of the books of the bank.

Piper who had been in court since Tuesday was taken back to the penitentiary yesterday noon in charge of William J. McVeigh, a guard of the institution.

HEALTH OFFICIAL DETERMINED TO PUSH OFFENDERS

Last night before Burgess George Risbeck, John Bakla, of North Charleroi, was given a hearing on the charge of violating the health laws. He was arrested in Charleroi yesterday morning at the instance of Health officer Darby. The man was fined $2 and costs, which when everything was entered amounted to $5.10

Bakla was charged with the burning of garbage on alleys, and had been warned, but it is stated paid no attention. Not only did he burn ill smelling stuff in defiance of the laws, but he failed to clean up the place afterwards.

The costs were partially for not having cleaned up the alley. Bakla lived here for some time, and it was, as he was getting ready to move that he committed the crime.

Health Officer Darby states that he cannot countenance the bold defiance of the laws in the matter of burning garbage in the borough limits, and arrests are to follow the finding of persons engaged in this illegality. Bakla has been before a former burgess for practically the same offense before.

Personal Mention

Miss Henrietta Alcorn of Pittsburg and Miss Fene Stephens of Ravenna, Ohio, are guests of Miss Myrtle Stewart of Fifth street.

Miss Viola Darby of Fallowfied avenue left this morning for Cadiz, Ohio, where she has accepted the position as manager of Mrs. Margaret Crumley's millinery establishment.

Mr. and Mrs. A. C. McKean have returned from Mt. Clemens, Mich, where they spent a few weeks.

Miss Leona Evans of McKean avenue, has left for Clarion, where she will take up her position in one of the leading millinery stores as head milliner.

Mr. [illegible] left this morning for Wilkinsburg, where she will spend Sunday with relatives.

JURY FAILS TO AGREE IN SUIT OF MONESSEN MEN

After being out over 24 hours the jury yesterday afternoon in the suit of Shuster and Reed, of Monessen, against Edward Haley, of East Pike Run township, formerly of Roscoe, failed to reach an agreement. They went out Thursday afternoon at 2:30 and at 3 o'clock yesterday afternoon had still failed to reach an agreement, appearing to be as far apart as ever. They asked the court to be discharged and the request was granted. The action involved a claim for $1,200, alleged due as commission for securing a buyer for the Haley hotel at Roscoe.

Will Leave Monday.

Robert J. Coulson, Donora's leading exponent of the athletic life, will leave there Monday for Memphis to join the ball team with which he has signed for the coming season. "Bob" just returned this week from a trip to State college, where he expected to do some working out, but was laid up most of the time with a sore toe. The injury started from an ingrowing nail and got so bad that the entire nail was removed while he was away on the trip. He expects to be in shape for practice within a few days.

NONSUIT IS GRANTED R. R.

A non-suit was granted yesterday by the court in the suit of Mrs. Nola Malone against the Washington and Canonsburg Railway company, an action for $20,000 damages for the death of her husband. Following the testimony of the plaintiff's side the counsel for the defendant company moved for a non-suit, on the ground that the husband of the plaintiff had been guilty of contributory negligence. The testimony was undisputed that the motorman on the car had continuously rung the bell after he noticed the man on the track, and when he did not get out of the way, had made every effort possible to stop the car.

There was nothing to show that the man had been deliberately run over, but that he contributed to his death by trespassing on the track and in not heeding the warning approach of the car.

APPLICATION FOR HOSPITAL CHARTER

Application has been made for a charter for the Monessen General Hospital Association. The business of the association is to be transacted at Lock Four, Washington county. No stock will be issued. The incorporators of the association are John G. Parke, E. Jeffries, F. H. Shutterly, M. J. Cramer and J. N. Weddle, of Monessen, who with Charles F. Thompson and R. O. Stillwell, of Charleroi, constitute the directors and trustees for the first year.

A Thirteenth Century Drink.

Thirteenth century tastes in food had few limitations. Besides the "fowl of Africa and the rare gadwit of Ionia" mentioned by Fitzstephen, gourmets in the time of King John used to regale themselves on herons, cranes, crows, storks, cormorants and bitterns. Some would wash their meals down with wine, but the majority drank mead or metheglin. Mead, according to Holinshed, was only the washing of the combs after the honey had been taken from them and so poor a beverage that it had to be spiced, peppered or made palatable with sweetbrier or thyme. But metheglin contained one hundredweight of honey to twenty-four gallons of water and must have been much more intoxicating than the strongest old ale of the present day.—London Chronicle.

That English Complexion.

The complexions of the English have often been exploited for our benefit. The damp climate and the exercise out of doors produce the red, they say. But on examination it proves to be not the red of the rose, but the red of raw beef, and often streaky and fibrous at that. The ladies are said to have the face high colored, but it is not a delicate pink. It is a coarse red. At a distance the effect is charming, bright, refreshing, but close to often rather unpleasant. Here the features of the women, even the features of the beautiful women, are mottled, while the features of our beautiful American women are chiseled.—Scribner's.

The New Editor.

Hon. E. F. Acheson has assumed his duties as managing editor of the Observer and following is the manner in which his contemporary, the Record heralds his coming:

The new editor will have a great line of work cut out for him if he can satisfy the people of Washington county how it is that their county ranks so high in taxes and expenditures when comparisons are made with other counties of the state that have been almost equally favored in the matter of permanent improvements. He will be very cunning indeed, if he can show wherein one-man-rule (and that one-man the editor himself) has worked to anything but the disadvantage of Washington county.

Pres. Feehan Has Formulated Plan Which He Thinks Miners Will Adopt.

CONVENTION NEXT WEEK

Mine Locals Have Been Sent Circulars Detailing the Idea.

It is more than likely that at the convention of the miners of this district in Pittsburg on Tuesday March 16, that there will be important action taken in the sub-division of this district. President Francis Feehan has outlined a plan which there is little doubt will be followed. He has sent circulars to the different locals in the district notifying them of his intention, and instructing them to have a representative present that a voice may be had in the matter.

The sub-division plan is something after that of other districts. If it is favorably voted upon by the miners there will be six sub-districts, and each of these will have a president who will be under the District President. This official will be a member of the executive board of the district. There would be in all three resident officers, the president, vice president and the secretary-treasurer.

These would be board members. One of the most important powers given the sub-district would be that each local could settle differences, instead of taking them to the Pittsburg office, and thus incurring considerable expense, besides the other inconvenience and trouble. Also whereas there are now four or five representatives to the district convertion there would be but one by the new plans. This would in reality give a better representation, and make the business to be transacted easier and less tiresome, and curtail the time of the meetings. It is understood that the miners are heartily in favor of the proposed plans of President Feehan, and are as confident as he of the success to be attained from such organization.

Over long distance phone this morning Mr. Feehan was communicated with and outlined his plan. He said that he would present it to the meeting on Tuesday and had little doubt but that the miners would accept it. "The miners in other districts have benefitted by a similar organization to that planned by us, and it was with this in mind that the present idea was thought of."

The districts as planned by President Feehan are as follows.

1. Pan Handle, or field near Burgettstown and McDonald.
2. West side belt, Chartiers branch and B. and O. division.
3. All mines between Locks 3 and 4, and including Ellsworth and Marianna.
4. All mines above Lock 4, or extending from that place to the southern boundry of the Fifth district in Greene county.
5. 1st and 2nd pools and the Youghiogheny river.
6. Mercer, Butler and Armstrong counties.

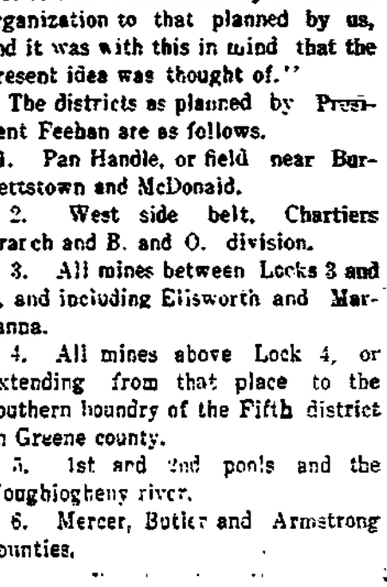
What's Broken?



A ring, brooch, pieces of silver or what? Whatever it may be if it is anything in the jewelry line, rest assured we can fix it properly and promptly. We repair everything from a stick pin to a hall clock, and what's more to the point—we exercise as much care in soldering a broken spoon as in repairing a hundred dollar watch movement.

The prices we charge are as low as the best workmanship will allow, and still they are high enough to insure perfectly finished work.

Discretion without zeal is slow paced, and zeal without discretion is strong-headed; let, therefore, zeal spurn on discretion and discretion rein in zeal.—Saint Bernard.

Congressional Talk.

Western Pennsylvania generally regrets that Congressman Acheson fell a victim to factional politics, because aside from this he was a useful member. The ability of a Congressman to care for the needs of his district and its people grows in proportion to his term of continuous service, hence the folly of the rotation plan. The office should not be regarded as an official plum, but as a public trust to be administered usefully in the interest of the people.—Connellsville Courier.

The above fits the case pretty thoroughly. Ex-congressman Acheson if he had steered clear of factional politics, would be looked up to in this county now, rather than be considered in the light he is.

The Courier goes on to say a good word for Mr. Tener. As the Courier says, the Observer, of Washington, the paper which so bitterly fought him, is the publication that endorses the voucher for Mr. Tener as a good man for the place. The following is the statement:

"Congressman Tener is vouched for as a good man and The Observer endorses that voucher. It adds truthfully that he has a record to make, but Congressman Tener is a forceful man, and we have no doubt he will make rapid headway in the accomplishment of the task set to his hand."
